## Team Member

---

### **Brandon A. Potts, P. E., C.E.M.**

Principal Engineer / Business Development Professional

#### **Education:**

Bachelor of Science, Utah State University  
Majored in Civil and Environmental Engineering  
40-Hour Hazardous Waste Site Health and Safety Course

#### **Registrations:**

Professional Engineer, Nevada #13121  
Professional Engineer, Arizona #33654  
Certified Environmental Manager, Nevada #1593

#### **Professional Credentials:**

In 1993, with a Bachelor of Science degree in Civil & Environmental Engineering from Utah State University, Brandon A. Potts accepted an invitation in Las Vegas for a position with VTN, of Nevada's "Land Development Department". Shortly thereafter, Mr. Potts moved to Broadbent & Associates, where over the next five years, he built their "Civil/C.E.M. Team". In October, 1998, Brandon A. Potts, P.E./C.E.M. elected to strike out on his own to create CivilWorksInc. Ever since, he has directed a highly creative/technical team of some of the industry's top professionals, experienced in customer service, business administration, technical CAD operations, as well as Civil & Environmental Engineering Design and Planning.

Mr. Potts' professional civil engineering experience includes site improvement plans, technical drainage studies, grading and utility plans, surface run off slope calculations for roadway and curb design, storm drain inlet design, also the design of open channel flow models, open channels for the conveyance of surface run off, storm run off flow calculations, review of standards and specifications, and report preparation. Mr. Potts has reviewed the Clark County Regional Flood Control District's Master Plan for facilities and modeling and performed numerous HEC-1 models and coordinated submittals with the City of Las Vegas, Clark County, and the City of Henderson flood control staff.

*"Engineering with sensible solutions tailored to your specific needs", the driving force behind CivilWorksInc, has resulted in happy clients throughout Nevada, Northern Arizona, Southern California, and Utah, whether it be a commercial, City, County, or State level project.*
